

Anton Stokes
Vice President, Cloud Engineering

Anton leads cloud engineering for ActiveVideo, based in Hilversum, the Netherlands. Anton is responsible for development of the ActiveVideo AppCloud platform, bringing decades of experience in building lean, agile, scalable performance, and maturity to emerging solutions and technology development teams.

Anton joined ActiveVideo in 2022 following a number of years of consulting with businesses to build technology teams that successfully deliver value through lean-agile methodologies, applied at scale. Prior to this, Anton held various senior technical roles across the video delivery industry including video platform delivery director at Liberty Global and R&D director at Irdeto.
